

## Andros, best views of Gavrion

ANDROS

## Description

This holiday home has most probably the best views of the port of Gavrion and the amazing surrounding! The house features an elevated floor with a living room with an open plan kitchen and direct access to a veranda with panoramic sea view, a bedroom and a bathroom with shower. Underneath is an independent studio with a big open space, one storage and a bathroom. There are another 80 m2 that can be built. This means that not only one can alter the interior architecture but can also built more bedrooms. A veranda of 120m2, covered by a pergola and with an oven and barbecue offers the best views. A fabulous pigeon loft at the entrance of the property is now used as a storage. The property has a well and is connected to the electricity of the city.
