ANDROS

Description

Difficult to find a land that builds as close to the sea nowadays... Nestled on a plateau shaped hillside overlooking the small beach 100m below, this plot offers spectacular views of the Aegean Sea and the sunset. The land is surrounded by wilderness and tranquility yet is easily accessible and just 4km from Batsi and 11 km from the port of Gavrio. It can also be acquired with a pre-approved building permit and the construction of a modern cave house with a total surface of 382 m² (270m² for the house, 72m² for the atriums and 40m² for the store rooms). A rare opportunity not to be missed!
