

House for sale in Berdiamos Tinos

TINOS

Description

Just above the village of Triantaros and just behind one of the iconic windmills of Tinos you will find this beautiful, newly building complex of 5 houses. 3 have them are already sold, 2 remain to purchase. House Delta is 146,06 square meters big that spread over 2 levels. Either you come into the house from the garage directly into the lower floor of the house (bedrooms) or through a flight of stairs into the upper level of the house, where the reception area is. This level is occupied by the fully equipped kitchen, dining room, sitting room and a guest WC with a shower, and a veranda with beautiful view. The lower floor of the house has 3 bedrooms and 3 bathrooms. House delta has the garage space 1 Any additional garage space can be purchase separately. The houses are built with the best insulation technique, with very thick waterproof material on the roofs and underfloor heating from a heat pump. The total size of the plot is 2000 square meters and each house has the space around it. All houses will also have their verandas.
