

Rare opportunity: House facing the sea in Paros

PAROS

Description

Rare opportunity: House facing the sea in Paros This small semi-detached house of 134 m2, restructured by an interior designer is a true haven of peace. Revisited as two lofts, the house is arranged on two levels. Each level consists of a kitchen, a living room, a bedroom and a bathroom with separate toilet. The spaces are simple, almost raw while being comfortable and undoubtedly conducive to relaxation. The view is spectacular and the sunsets are breathtaking. Each has its own terrace and the 9100m2 plot is divided between four houses. The property will not be available until September 2022 for use.
