

## Skopelos, Villa with pool, resort of tranquility

SKOPELOS

## Description

This fantastic villa in the hills of Skopelos with picturesque views is an architectural masterpiece. It is located 13 minutes by car from Skopelos town. With a living area of 190 m<sup>2</sup> - or 270m<sup>2</sup> if you include the ample terraces - the villa consists of two levels. As you enter the house, you are welcomed by a spacious living room with an open-plan kitchen and dining area. The room impresses with its high ceilings and roof beams, the parquet flooring and the ultra-modern fireplace, which heats the whole house wonderfully. Two corridors lead off the living room, each accessing a bedroom with en-suite bathroom. An open staircase opens to a large second living room and another bedroom with bathroom. From all rooms you have a beautiful view of the pool and the large, well-kept garden with its olive trees, which give delicious olive oil on a square meter area of 4779m<sup>2</sup> with a harvest of 3 tons of olives. Only the highest quality materials were used - many of them imported from Switzerland - and this is noticeable, from the foundations and insulation of the house, the double-glazed windows, the fireplace or the dreamy real wood parquet flooring to the pool and the well-kept outdoor area with its own garage. A property with rarity value: absolute privacy, pure nature, the tranquility and that with a quality at the highest level.
