Superb waterfront villa for sale in south Paros

PAROS

Description

This beautiful villa, recently built, of approximately 340m2 is located on a plot of 9000m2. The location is simply unique as the property is right in front of the sea: The land of the house ends on a small sandy beach. The ground floor of the house opens onto the large living room with fireplace, the kitchen with its pure and design lines and its large table for meals: the spaces are airy, bright, with large windows that give access to the pergola and the pool facing the sea. Upstairs is the master bedroom followed by a splendid bathroom and direct access to a beautiful private terrace. Here again, light enters every room with breathtaking views of the sea. In the basement, we have different storage spaces, laundry, and a large bedroom with opening onto a nice terrace and a private bathroom. Outside the house, we have three large beautiful guest rooms with private bathroom: two of them are facing the sea and the pool. A rare waterfront villa for sell in Paros.
